"There is no right time left for what is not done in its own time."  
- Charlotte Mason

### EDUCATION DOESN'T HAPPEN BY THE CLOCK

Setting rigid schedules and measuring every moment will not get us a genuine education because hearts & souls aren't well formed that way.

### TIME IS SHORT AND EVERY MOMENT CAN BE INVESTED

God gives us our time on earth and asks us to invest it for His glory & His kingdom. Our time is not our own, for it was bought with Christ's blood.

### WHERE WE SPEND OUR TIME IS WHERE WE SET OUR HEARTS

You know people's actual priorities and desires not by what they say, but by where they spend their time.

"These women and the resources they offer have encouraged me probably more than anything along my homeschool journey. The retreats feel like meeting with wise, godly friends and mentors."
